2026 Campervans

Your Home Anywhere

Welcome to Swift

UK's No.1 brand for leisure vehicles

We are the UK's largest leisure vehicle manufacturer, producing touring caravans, motorhomes, campervans and holiday homes.

We've grown from simple foundations back in 1964, when our founder Ken Smith built his first touring caravan, to become the UK's number one leisure vehicle brand.

Our philosophy is to build leisure vehicles that are at the heart of your holiday, whether that be nestled in the countryside or by the sea, searching out active pursuits or simply enjoying a quieter pace of life. With a lifetime of memories waiting to be made, it's time to find your ultimate campervan.

Join the Swift community - search Swift Group or scan the QR code to connect with like-minded adventurers where innovation meets the open road!

Swift, partnered with the best.

The Ford Pro™ Convertor Programme recognises premium convertors across Europe, specialising in multiple and diverse conversions to suit all customer requirements.

The market-leading network of Ford Pro™ Convertors offers expertise and high-quality output at every stage of production, providing convertors with the tools to deliver a high-quality, reliable vehicle conversion customers can trust and rely on.

Wherever the road takes you, stay connected.

We're excited to welcome you to a **community** built on the values of comfort and convenience. Just like any family, we want to ensure that you are always **connected** and secure, especially when it comes to your adventures in your **Swift Campervan**.

Ford Assistance Plan

A Ford Assistance Plan makes it easy to get back on the road. If you run into trouble, our roadside assistance team will be given your precise location, and information on your vehicle, so they know the issue before arrival*

Remote Start

Cold morning? Automatic vehicles can be started remotely so that they're warmed up, de-iced and ready to go when you are.

Health Status + Alerts

Your vehicle's health is important. Discovering potential issues early can make a huge difference. See your vehicle's health status in detail, and get alerts when something needs your attention.

Download the free FordPass App now to unlock key features and functionality.

Scan the QR code below to find out more...

* The Ford Roadside Assistance feature requires an active Ford Roadside Assistance Plan. Ford policy is one of continuous product development. The right is reserved to change the items illustrated and described. FordPass features shown are available with selected vehicle models and specifications.

MONZA

The Swift Monza campervan is your ultimate everyday getaway. Commuting, school running, sporting activities, out shopping or island hopping the Hebrides, whichever way you wander, escape the everyday with Monza and discover a world of possibilities.

Fabrics at a glance

We follow research insights and trends to keep ahead of the designs that appeal to both today's and tomorrow's customers, while also taking the time to understand what design aspects are important to you and your holiday lifestyle.

Today's trends involve a higher degree of ecological and environmental considerations, and at Swift, we share these values in our design and manufacturing decisions. We aim to replicate the natural world in both colour and material choices across all of our products.

Keeping on top of the trends through observation and research, we have seen a shift towards bolder accent colours as well as with colour palettes embracing warmer and softer earthy hues.

Monza

Monza is fitted with the Monza Leather Panther soft furnishing scheme on cab seats and rear Reimo seats.

Trekker

Trekker is fitted with the Alba soft furnishing scheme featuring stain resistant, easy to clean fabrics.

Carrera

Carrera is fitted with the Acacia soft furnishing with **NEW** complementary scatter cushions.

1. The Maximum User Payload includes:

- a. the conventional load (this is the allowance for passengers)
- b. essential habitation equipment (items and fluids required for safe and proper functioning of habitation equipment)
- c. optional equipment (items available from the manufacturer over and above the standard specification)
- d. personal effects (those items not covered by the above)

2. The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank and 11kg allowance for LPG (10kg for Monza).

3. The Mass in running order is calculated with the fresh water tank and water heater empty. If you travel with water in the fresh water tank or water heater then the payload will reduce accordingly.

4. PLEASE TAKE CARE TO ENSURE THAT YOU HAVE ALLOWED FOR THE MASSES OF ALL ITEMS YOU INTEND TO CARRY IN THE CAMPERVAN.

e.g. passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, bicycles, sailboats, sports equipment etc.

5. WARNING - UNDER NO CIRCUMSTANCES SHOULD THE MAXIMUM TECHNICAL PERMISSIBLE LADEN MASS OF THE CAMPERVAN BE EXCEEDED.

* Estimate

@ Torque increases to 380Nm on automatic options

† On automatic options MRO increases by 45kg and the payload decreases by 45kg

‡ On automatic options MRO increases by 20kg and the payload decreases by 20kg
